

1

The Call

Our client, Ladbrokes Coral, called for urgent assistance late on Friday evening after its betting shop in Rotherham, South Yorkshire, was flooded during torrential rain.

2

The Challenge

An immediate response was essential. The interior of the premises was under six inches of water, forcing it to close and threatening serious damage.

3

Action

Our flood recovery team was in Rotherham early Saturday morning. We then mobilised a second team to Worksop, Nottinghamshire, where another betting shop was flooded.

6

Advantages

- Rapid mobilisation
- Experienced and qualified flood clean-up teams
- Best techniques and equipment
- Fast flood recovery
- Disruption minimised

5

Outcomes

Fast action prevented long-term damage. The flood clean-up operations were completed on the day of mobilisation. Ladbrokes Coral could reopen the shops on Sunday.

4

Delivery

Our teams used wet vac machines, specialist disinfectants, air movers and dehumidifiers to remove water, then sanitise and dry the premises. Both clean-ups were completed in 8 hours.
