

Case Studies | Floor Deep Cleans LloydsPharmacy

“ I can honestly say that I fully believe that our pharmacies would benefit from a regular deep clean.

When you attended both Lloyds Pharmacies in Wendover and Princes Risborough, the work was carried out in a friendly manner. Any issues were resolved through good communication with myself.

The standard of clean was good in both branches and I think it was a good idea to test out different methods of clean on the storage room floor, where customers cannot see it.

I would happily recommend you attend my branches again.

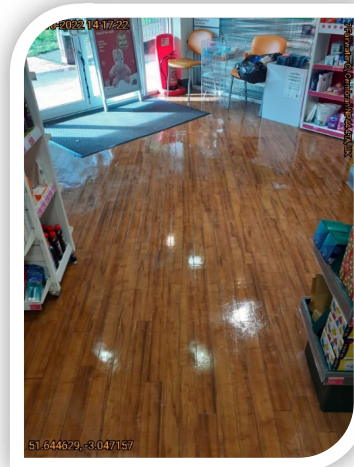

Thank you very much.

Natalie Holmes
